Proudly Present

2012 ISICM Early Year Symposium

HYATT REGENCY HOTEL, BANDUNG
11-12, 13-14, 15-16 APRIL 2012

PRE - SYMPOSIUM

CONTINUING EDUCATIONAL PROGRAM OF ISICM

Wednesday - Thursday, 11 - 12 April 2012

- Workshop On Mechanical Ventilator:
From Basic Theory To Clinical Practice
- Fluid Therapy, Electrolyte and Acid Base
- PEDIATRIC FCCS

Wednesday, 11 April 2012

Nutrition Therapy in Critically ill Patients

Thursday, 12 April 2012

- Management Of Infection In Critically Ill Patients:
- Practical Approach & Guidelines (2011 Updated Curriculum)

INTENSIVE CARE NURSING SECTION

Sunday, 12 April 2012

VENTILATOR ICU NURSING COURSE

Friday - Saturday, 13 - 14 April 2012

2012 ISICM EARLY YEAR SYMPOSIUM & EXHIBITION

Friday - Saturday, 13 - 14 April 2012

FUNDAMENTAL CRITICAL CARE SUPPORT (FCCS)

Sunday - Monday, 15 - 16 April 2012

- An entry level course, designed for non-intensivists,
in collaboration with the Society of Critical Care Medicine (SCCM).

ATTENDANCE

FOREWORD

Dear Colleagues,

Year by year, time to time, the discipline of Critical Care Medicine has continually evolved through diverse updates in clinical breakthrough, learning practices, researches, regulation changes, and invention in health care industry. Consequently, the raise of quality standard in every aspect of ICU provider has become a necessity. Health Care Professionals and Critical Care Practitioners are forced to continually improve and undergo the long life learning within their disciplines to meet these needs.

Up to this moment and on, Indonesian Society of Intensive Care Medicine (ISICM) has wholeheartedly put every best effort to serve our role as a Guide Leader in Intensive Care Medicine in Indonesia and conquer these challenges. This 2012, The Indonesian Society of Intensive Care (ISICM) are more than delighted to invite you in participating in 2012 ISICM Events Agenda, which will be held in a consecutive event in three Medical Education Centers in Indonesia.

The starter scientific meeting will take place in the western region of Java, Bandung as a milestone for Early Year Symposium of ISICM in 2012. Then Surabaya is our next as all-at-once as host of The 4th National Annual Meeting of ISICM, and so we continue to the "City of Daeng" Makassar, which will be the perfect host for our End Year Symposium of ISICM 2012. Each meeting will be filled by numerous Leading Experts in Critical Care Medicine who will offer a through analysis and recent guidelines of the developments affecting most ICU's environments.

Prior to each Symposium, the participants are invited to get inside look at the state-of-the-art Critical Care Medicine through its Continuing Educational Programs (CEP) curriculum options to obtain the intensive training management of critically ill and injured patients. The Organizing Committee will also host a scientific exhibition, including the latest solutions and developments in scientific & clinical advances, cutting-edge clinical treatments to improve patient outcomes.

For you our valued patrons, ISICM events is renowned for providing unsurpassed opportunities to promote your products and services to a captive audience though our scientific activities in all over provinces in Indonesia. Expand your promotion power by taking advantage of our numerous marketing opportunities ranging from educational product sponsorships to a multitude of opportunities to attract your target audience right to your booth, as well as a variety of advertising exposure in critical care industry.

The documents outlines the opportunities are available. Please choose the venues that best suit your company. Thank you and look forward to have you in these prestigious events.

Best wishes,

Oloan E. Tampubolon ,dr, SpAn KIC, MHKes

President
Indonesian Society of Intensive Care Medicine (ISICM)

GENERAL INFORMATION

Event

2012 ISICM Early Year Symposium

Held By

Indonesian Society Of Intensive Care Medicine (ISICM)

Endorsed By

Departemen/SMF Anesthesiology & Reanimation and Intensive Care Unit, Padjadjaran University Faculty of Medicine, Dr. Hasan Sadikin Hospital Bandung

Place

Hyatt Regency Bandung Hotel
Jl. Sumatera No. 51, Bandung

Attendees

Specialist from the field of Intensive Care Medicine, such as Anesthesiology, Neuro Surgery, Internal Medicine, Cardiology, Surgery, Pulmonology, Digestive Surgery, Emergency & ICU Doctors, Pediatric, General Practitioners, Neurology, Clinical Pathology, Clinical Microbiology, and ICU Nursing

Agenda

11 – 12 April 2012

- Continuing Educational Programs of ISICM
- Pediatric Fundamental Critical Care Support
- Intensive Care Nursing Section

13 – 14 April 2012

- ISICM Early Year Symposium & Exhibition
- Ventilator ICU Nursing Course

15 – 16 April 2012

Fundamental Critical Care Support (FCCS)

Hyatt Regency	11 April'12	12 April'12	13 April'12	14 April'12
Ballroom 1		IC NURSING SECTION	Exhibition & Luncheon	Exhibition & Luncheon
Ballroom 2	CEP Mechanical Ventilator	CEP Mechanical Ventilator	ISICM Early Year Symposium	ISICM Early Year Symposium
Ballroom 3	CEP Nutrition in Critically Ill Patients	CEP Management Infection		
Burangrang - Pangrango	CEP Fluid, Electrolyte & Acid Base	CEP Fluid, Electrolyte & Acid Base	ICU Ventilator Nursing Course	ICU Ventilator Nursing Course

CONTINUING EDUCATIONAL PROGRAM OF ISICM

Numbers of CEP curriculum are designed as a special workshop/course, conducted by experts of Indonesian Society Of Intensive Care Medicine (ISICM), which will update participants on the current state-of-art on developing participants' skill and technique in Intensive Care Medicine. See detail schedule.

INTENSIVE CARE NURSING PROGRAM

The Intensive Care Nursing Section on 12 April 2012 is specially promoting the most valuable source of critical care teamwork, will provide the finest education regarding critical care nursing to enhance patient care.

The Intensive Care Nursing will follow with the utmost skill needed for ICU Nursing: the ICU Ventilator Nursing, which will explore the ventilator hands-on in nursing-care settings on 13 – 14 April 2012. The Solely registration of this session is allowed.

EXHIBITION

The Organizing Committee will host a scientific exhibition including the latest technology, equipment for clinical management & research, pharmaceutical products and literature. Companies interested in participating in the exhibition can request more information and order forms from the Secretariat.

OFFICIAL LANGUAGE

The official language of 2012 ISICM Early Year Symposium is both Indonesian and English and will be used for all printed materials, presentation and discussions.

DISCLAIMER

Every attempt will be made to present the program as printed. However, Organizers and its agent reserve the right to alter or cancel, without prior notice, any of the arrangements, timetables, plans or other items relating directly or indirectly to the Scientific Meeting, for any cause beyond its reasonable control. In the event of cancellation of the Scientific Meeting, all pre-paid fees will be refunded in full. However, the Organizers and its agent are not liable for any loss or inconvenience caused as a result of such alteration and cancellation.

CONTINUING EDUCATIONAL PROGRAM (CEP) OF ISICM

CEP Workshops Certificate with IDI Accreditation will be issued to each workshop participants. CEP Workshop participants strongly suggested to register as 2012 ISICM Early Year Symposium's participant in terms of synchronizing the scientific knowledge.

Each workshop participant is limited.

SCHEDULE

WEDNESDAY, 11 APRIL 2012	THURSDAY, 12 APRIL 2012W
Workshop On Mechanical Ventilatory: From Basic Theory To Clinical Practice – Day I	Workshop On Mechanical Ventilatory: From Basic Theory To Clinical Practice – Day II
Nutrition Therapy in Critically ill Patients	Management Of Infection In Critically ill Patients: Practical Approach & Guidelines (2011 Updated Curriculum)
Fluid Therapy, Electrolyte and Acid Base – Day I	Fluid Therapy, Electrolyte and Acid Base – Day II

WORKSHOP ON MECHANICAL VENTILATORY: FROM BASIC THEORY TO CLINICAL PRACTICE

WEDNESDAY – THURSDAY, 11 – 12 APRIL 2012

LEARNING OBJECTIVES:

- Review from physiology of respiration, oxygen & gas transport, volume & pressure mechanism, initiating & setting as well as the lung recruitment & management from the simple method to the most recent method
- Describe the complications, practice the recent and new mode & NIV and learn the current management strategies and practical management of acute respiratory failure, including weaning and pediatric management.

TARGET POPULATION:

The comprehensive curriculum from basic to advances for Intensivists, Anesthesiologists, ICU General Practitioners, other Multi-disciplines -who are interested in Intensive Care Medicine field, for better horizon in ventilatory support. Urge registration for KIC Fellows.

Participants limited to 30

COURSE DIRECTOR:

Bambang Wahjuprajitno, dr, SpAn KIC

CO-COURSE DIRECTOR:

Philia Setiawan, dr, SpAn KIC

PROGRAM

WORKSHOP ON MECHANICAL VENTILATORY: FROM BASIC THEORY TO CLINICAL PRACTICE

WEDNESDAY, 11 APRIL 2012

TIME	DAY I
07.00 – 08.00	Re-Registration
08.00 – 08.15	Introduction of Mechanical Ventilation Workshop
08.15 – 09.00	Physiology of Respiration I: Mechanic of Breathing
09.00 – 09.45	Physiology of Respiration II: Pulmonary Gas Exchange
09.45 – 10.00	Coffee/Tea Break
10.00 – 10.45	Respiratory Failure
10.45 – 11.30	Oxygen Therapy
11.30 – 12.15	Mode of Mechanical Ventilation I
12.15 – 13.00	Lunch
13.00 - 13.45	Ventilator Graphic
13.45 - 14.30	ALI – ARDS
14.30 - 15.15	COPD
15.15 - 15.30	Coffee/Tea Break
	SKILL STATION
15.30 - 17.30	Skill Station 1: How MV Work
(Rotate @ 30")	Skill Station 2: Volume CMV – Pressure CMV Characteristics and Setting
	Skill Station 3: Case ARF Type 1
	Skill Station 4: Case ARF Type 2

WORKSHOP ON MECHANICAL VENTILATORY: FROM BASIC THEORY TO CLINICAL PRACTICE

THURSDAY, 12 APRIL 2012

TIME	DAY II
08.00 – 08.45	Mode of Mechanical Ventilation II
08.45 – 09.30	Initiating Mechanical Ventilation
09.30 – 09.45	Coffee/Tea Break
09.45 – 10.30	How to Set PEEP
10.30 – 11.15	Monitoring in PT With MV
11.15 – 13.00	Lunch
13.00 – 13.45	Patient-Ventilator Asynchrony, How To Solve It?
13.45 – 14.30	Non-Invasive Ventilation
14.30 – 15.15	Complication of MV/VAP
15.15 – 16.00	Weaning From MV
16.00 – 16.45	Pediatric Consideration
16.45 – 17.00	Coffee/Tea Break
	SKILL STATION
17.00 – 18.00	Skill Station 1: Setting SIMV
	Skill Station 2 : BIPAP - APRV
	Skill Station 3: NIV
	Skill Station 4: Pediatric Case

INSTRUCTOR TEAM

- Bambang Wahjuprajitno, dr, SpAn KIC
- Christian Johannes, dr, SpAn KIC
- Dr. Tinni T. Maskoen, dr, SpAn KIC KMN
- E. Hanindito, dr, SpAn KIC
- Hardiono, dr, SpAn KIC
- Oloan E. Tampubolon, dr, SpAn KIC, MHKes
- Dwi Pantja Wibowo, dr, SpAn KIC
- Philia Setiawan, dr, SpAn KIC
- Prof. Achsanudin Hanafie, dr, SpAn KIC
- Rupi'l, dr, SpAn KIC

CONTINUING EDUCATIONAL PROGRAM OF ISICM FLUID THERAPY, ELECTROLYTE AND ACID BASE

WEDNESDAY – THURSDAY, 11 – 12 APRIL 2012

LEARNING OBJECTIVES:

- To understanding Stewart Approach to complete Haselbach method
 - To understanding the formula of Stewart Approach, the ion based calculation that defines Stewart Approach's formula.
 - To interpret the measurement physiology of ion gap, VA & SIG at bedside
 - To interpret the balance solution physiology, fluid resuscitation, lactic acidosis, hyperchloremia and pediatrics in sepsis and shock cardiogenic
 - To interpret the physiology of gut, diet liver and the interactions.
 - To interpret the physiology in early hemorrhage that caused trauma
- All lectures are completed with evidence based and journals.

TARGET POPULATION:

The comprehensive curriculum with more Clinical Applications for Intensivists, Anesthesiologists, ICU General Practitioners, other Multi-disciplines -who are interested in Intensive Care Medicine field, for better horizon in giving fluid therapy and acid-base management. Urge registration for KIC Fellows.

Participants limited to 30

COURSE DIRECTOR:

Dr. Ike Sri Redjeki, dr, SpAn KIC, KMN, MKes

CO-COURSE DIRECTOR:

Anang Achmadi, dr, SpAn KIC
Samsirun Halim, dr, SpPD KIC

PROGRAM FLUID THERAPY, ELECTROLYTE AND ACID BASE

WEDNESDAY, 11 APRIL 2012

TIME	DAY 1
08.00 – 08.30	Introduction and Body Fluid Composition (Physiology)
08.30 – 09.00	Shock and Monitoring of Fluid Therapy
09.00 – 09.30	Crystalloid, Colloid Solution and Blood Product
09.30 - 09.50	Coffee/Tea Break
09.50 - 10.20	Fluid Therapy in Distributive Shock
10.20 - 10.50	Fluid Therapy in Hemorrhagic Shock and Transfusion Strategy
10.50 - 11.20	Vascular Access Management in Fluid Therapy
11.20 - 11.50	Management of Common Electrolyte Imbalanced
11.50 - 12.35	Lunch
12.35 - 13.05	Fluid Therapy in Burns
13.05 - 13.35	Fluid Therapy in Diabetic Emergency(Keto-Acidosis)
13.35 - 14.05	Fluid Therapy in Dengue Shock Syndrome
14.05 - 14.35	Fluid Therapy in Heart and Renal Problem
14.35 - 15.00	Coffee/Tea Break
	SKILL STATIONS
15.00 - 15.40	Skill Station 1: IV Access (Mempelajari cara pemberian cairan)
15.40 - 16.20	Skill Station 2: Case Study

THURSDAY, 12 APRIL 2012

TIME	DAY 2
08.00 – 08.45	Clinical Aspect of Acid Based Balance Disturbance
08.45 – 09.30	Henderson Hasselbach Approach in Clinical Settings
09.30 – 10. 15	Stewart Approach in Clinical Settings
10.15 - 10.35	Coffee/Tea Break
10.35 - 11.20	Clinical Symptoms and Management of Metabolic Acidosis I
11.20 - 12.05	Clinical Symptoms and Management of Metabolic Acidosis II
12.05 - 12.50	Acid Base Problem in Mechanical Ventilation
12.50 - 13.30	Lunch
13.30 - 14.15	Acid Base Balance Management in AKI Case 1
14.15 - 15.00	Complex Acid Base Abnormalities in Critically ill Patients in ICU
15.00 - 15.45	Influence of Nutrition Therapy on Acid Base Balance
15.45 - 16.00	Coffee/Tea Break
16.00 - 17.00	CASE STUDY

INSTRUCTOR TEAM

- Anang Achmadi, dr, SpAn KIC
- Bambang Wahjuprajitno, dr, SpAn KIC
- Christian Johannes, dr, SpAn KIC
- DR. dr. I Wayan Suranadi, SpAn KIC
- Dr. Ike Sri Redjeki, dr, SpAn KIC, KMN, MKes
- Dr. Tinni T. Maskoen, dr, SpAn KIC KMN
- Dwi Pantja Wibowo, dr, SpAn KIC
- Prof. Achsannudin Hanafie, dr, SpAn KIC
- Ruli Herman Sitanggang, dr., SpAn KIC, KAP, MKes
- Rupi'I, dr, SpAn KIC
- Samsirun Halim, dr, SpPD KIC

NUTRITION THERAPY IN CRITICALLY ILL PATIENTS

WEDNESDAY, 11 APRIL 2012

LEARNING OBJECTIVES:

- To understand the basic principles of nutrition therapy given to critically ill patients.
- To be able making the right diagnose, indications and analysis the nutrition status of critically ill patients with the minimum complications
- To be able giving the nutrition therapy generally and to critically patients with renal; hepatitis; respiratory dysfunctions
- To Master nutrition access for critically ill patients

TARGET POPULATION:

The comprehensive curriculum with more Case Studies in Infections for Intensivists, Anesthesiologists, ICU General Practitioners, other Multi-disciplines -who are interested in Intensive Care Medicine field, for better horizon in giving proper nutrition therapy. Urge registration for KIC Fellows.

Participants limited to 30

COURSE DIRECTOR:

Dr. Tinni T. Maskoen, dr, SpAn KIC KMN

CO-COURSE DIRECTOR:

Dwi Pantja Wibowo, dr, SpAn KIC

PROGRAM

NUTRITION THERAPY IN CRITICALLY ILL PATIENTS

WEDNESDAY, 11 APRIL 2012

TIME	ONE DAY COURSE
08.15 – 08.45	Introduction
08.45 – 09.30	Metabolic Response in Critically ill Patients
09.30 – 10.15	Assessment and Evaluation of Nutrition Status of Critically ill Patients
10.15 – 10.30	Coffee/Tea Break
10.30 – 11.15	Nutrition Support in Critically ill Patients
11.15 – 12.00	Nutrition Support of Acute Renal Failure in ICU Patients
12.00 – 12.30	Lunch
12.30 – 13.15	Nutrition Support in Hepatic Dysfunction of ICU Patients
13.15 – 14.00	Nutrition Support of Pulmonary Dysfunction in ICU Patients
14.00 – 14.45	Access of Nutrition Support
14.45 – 15.00	Coffee/Tea Break
15.00 – 17.00	Case Discussions

INSTRUCTOR TEAM

Bambang Wahjuprajirno, dr, SpAn KIC
 Dr. I Wayan Suranadi, dr, SpAn KIC

MANAGEMENT OF INFECTION IN CRITICALLY ILL PATIENTS: PRACTICAL APPROACH & GUIDELINES (2011 UPDATED CURRICULUM)

THURSDAY, 12 APRIL 2012

LEARNING OBJECTIVES:

- To overview basic mechanism, infection control, and diagnosing including the pharmacokinetics and pharmacodynamics in critically ill patients.
- Master basic principles of empirical therapy of antibiotic and infection treatment
- To describe new guideline therapy in evidence base for strategies in initiating and diagnose of infections and related various disease due to organ failure
- To Master basic principles of de escalation therapy of antibiotic

TARGET POPULATION:

New comprehensive curriculum with more Case Studies in Infections for Intensivists, Anesthesiologists, ICU General Practitioners, other Multi-disciplines -who are interested in Intensive Care Medicine field, for better horizon in infection management. Urge registration for KIC Fellows.

Participants limited to 30

COURSE DIRECTOR:

CO-COURSE DIRECTOR:

Pratista Hendarjana, dr, SpAn KIC

PROGRAM

MANAGEMENT OF INFECTION IN CRITICALLY ILL PATIENTS: PRACTICAL APPROACH & GUIDELINES (2011 UPDATED CURRICULUM)

THURSDAY, 12 APRIL 2012

TIME	ONE DAY COURSE
08.00 – 08.30	Introduction
From Infection To Organ Failure: How Do Cell Response To Insult	
08.30 – 08.50	Innate Ummunity: The Role Of Macrophage-Neutrophil
08.50 – 09.10	Endothelial Dysfunction-Microcirculation
Review Of Antibiotic And Antibiogram	
09.10 – 09.30	Antibiotic/Antifungal: Classification, Spectra And Mechanism Of Action
09.30 – 09.50	Antibiogram: How / When To Perform Specimen Collection & Report To The Clinicians ; And How To Interpret It
09.50 – 10.00	Q & A
10.00 – 10.15	Coffee/Tea Break
Infection Controle	
10.15 – 10.35	Antibiotic Stewartship Program
10.35 – 10.55	Prevention & Control Of Nosocomial Infection
10.55 – 11.25	Product Presentation
11.25 – 13.30	Lunch
Improving Outcome Through Education	
13.30 – 13.50	Biomarkers As Early Diagnosis Of Infection
13.50 – 14.20	Pharmacologic Principle And Antibiotic Dosing In Critically Ill: Can Pk/Pd Relationship Improve Efficacy?
14.20 – 14.40	Principles Of Initial Empiric Am Therapy And De-Escalation
14.40 – 15.00	Failure Response: A Differential Diagnosis
15.00 – 15.10	Q & A
15.10 – 15.30	Coffee/Tea Break
15.30 – 16.00	Product Presentation
Most Common Source Of Severe Sepsis / Septic Shock (New Guideline Therapy)	
16.00 – 16.20	Abdominal Infection
16.20 – 16.40	Cap, Hcap And Vap
16.40 – 17.00	Blood Strem-Catheter Related Infection
17.00 – 17.20	Fungal Infection
17.20 – 18.00	Case Presentation & Panel Discussion

INTENSIVE CARE NURSING PROGRAM

INTENSIVE CARE NURSING SECTION

THURSDAY, 12 APRIL 2012

INTRODUCTION

Organized by the Section on Nursing Of Indonesian Society Of Intensive Care Medicine (ISICM) Accredited By PPNI, is aimed for Nurses and Health-Professional Alliances, working in Emergency and Intensive Care Units.

This special half-day session is aimed for Nurses and Health-Professional Alliances, working in Emergency and Intensive Care Units. This session is accredited by PPNI for Nurse populations. Registration for participating the Intensive Care Nursing Section ONLY is possible for nurse only.

LEARNING OBJECTIVES:

- * To implement Surviving Sepsis Campaign using daily check list with: F(Feeding), A/S (Analgesia/Sedation), T(Thromboembolic Prophylactics)

- * To implement Surviving Sepsis Campaign using daily check list with H(Head Elevation), U(Stress Ulcer Prophylactics),G(Glucose Control)
- * Identify potential strategies for reducing the risks associated with sedation/ withdrawal in the ICU
- * Assess concern related to the withdrawal of CV medication
- * Recommend preferred management strategies for patients undergoing opiate withdrawal
- * Discuss how nurses can target best practice
- * Review practical strategies to improve best practices.

Participants limited to 120.

COURSE DIRECTOR

Dr. Tinni T. Maskoen, dr, SpAn KIC KMN

PROGRAM

INTENSIVE CARE NURSING SECTION - FAST HUG

THURSDAY, 12 APRIL 2012

07.45 - 08.00	Opening Remark
08.00 - 08.30	Introduction To Surviving Sepsis Campaign (SSC)
08.30 - 09.00	Care Bundle In Use
09.00 - 09.30	Sepsis Resuscitation And Management Bundle
09.30 - 09.50	Coffee/Tea Break
09.50 - 10.10	F: How To Give Feeding For ICU Patients.
10.10 - 10.30	A/S: Analgesia And Sedation In The ICU
10.30 - 10.50	T: Tromboembolic Prophylactic
10.50 - 11.10	H: Head Elevation: Positioning For ICU Patients
11.10 - 11.30	U: How To Prevent Stress Ulcer In The ICU
11.30 - 11.50	G: Glucose Control In The ICU
11.50 - 12.30	Lunch
12.30 - 12.50	Targeting Infection Control Practices
12.50 - 13.10	How To Maximize The Advances Practice Nurse
13.10 - 13.20	Closing Remark

LECTURERS

VENTILATOR ICU NURSING COURSE

FRIDAY - SATURDAY, 13 - 14 APRIL 2012

The nursing care of ventilatory setting for critically ill patients as the special designed intensive knowledge are explored for Emergency and ICU Nursing, as well as allied health-care for critically ill patients.

Participant Limited to 50.

COURSE COORDINATOR: Titin Mulyati, SKep,MKep.

CO-COURSE COORDINATOR: Yono Taryono SKep

PROGRAM

VENTILATOR ICU NURSING COURSE

JUMAT, 13 APRIL 2012

Waktu	HARI I
07.00-08.00	Registrasi
08.00-09.30	Cara Kerja Ventilator
09.30-10.15	Setting Breathing Circuit
10.15-12.30	Pengenalan Mode Ventilator
12.30-13.30	ISOMA
13.30-15.00	Pemantauan Respon Pasien setelah Pemasangan Ventilator
15.00-16.30	Aplikasi AGD pada pasien dengan pemasangan Ventilator
16.30-17.15	Suctioning pada pasien dengan pemasangan Ventilator

SABTU, 14 APRIL 2012

Waktu	HARI II
08.00-09.30	Strategi Weaning Ventilator
09.30-10.15	Perawatan ETT/TC pada pasien dengan Pemasangan Ventilator
10.15-11.00	Fisioterapi dada pada Pasien dengan Pemasangan Ventilator
11.00-12.30	Pemenuhan Kebutuhan Dasar Manusia pada penanganan pasien dengan Pemasangan Ventilator
12.30-13.30	ISOMA
13.30-17.15	Praktek Ventilator

ISICM REGULAR COURSE

REGISTRATION

For registration and more information about the P-FCCS; FCCS Course and other activities, please contact PERDICI secretariat :

Ged. Makmal Lt.2 Komp. FKUI, Jl. Salemba Raya No.6 – Jakarta Pusat
Tlp.: (+62 21) 319-09033, 68599155. Fax: (+62 21) 31909033
E-mail: info@perdici.org, infoperdici@yahoo.co.id - Web : http://www.perdici.org

COURSE DIRECTOR:

Tantani Sugiman, dr, SpAn KIC

PEDIATRIC FCCS

WEDNESDAY - THURSDAY, 11 - 12 APRIL 2012
EJKMAN BUILDING, 2nd FLOOR
JI. PASTEUR No. 38, BANDUNG

COURSE PURPOSE

- To better prepare the non-intensivist for the first 24 hours of post-resuscitation management of the critically ill pediatric patient until transfer or appropriate critical care consultation can be arranged.
- To prepare non-intensivists, and critical care practitioners in dealing with acute deterioration of the critically ill pediatric patient.
- To assist the non-intensivist in dealing with sudden deterioration of a previously stable patient.
- To prepare house staff for PICU coverage.

LEARNING OBJECTIVES:

- Prioritize assessment needs for the critically ill or injured infant and child
- Select appropriate diagnostic tests.
- Identify and respond to significant changes in the unstable pediatric patient.
- Recognize and initiate management of acute life – threatening conditions.
- Determine the need for expert consultation and/or patient transfer and prepare the practitioner for optimally accomplishing transfer.

TOPICS:

- Diagnosis and Management of Respiratory Failure
- Cardiovascular Evaluation and Management of Shock
- Fluids and Electrolyte
- Diagnosis and Management of Acute Infections
- Neurological Emergencies
- Sedation, Analgesia and Pharmacologic Management
- Post Operative Care
- Management of Trauma and Children
- Transport of the Critically ill Child

Skill Stations:

- Airway Evaluation and Management
- Mechanical Ventilation
- Cardiovascular Evaluation and Shock
- Sedation and perioperative management station
- Invasive Device Evaluation and Potential Complications

PARTICIPANTS:

- Pediatrician / General Physician who works in Pediatric Intensive Care Unit.
- Pediatrician / General Physician who works in Pediatric emergency department.

FUNDAMENTAL CRITICAL CARE SUPPORT

SUNDAY- MONDAY, 14 - 15 APRIL 2012
EJKMAN BUILDING, 2nd FLOOR
JI. PASTEUR No. 38, BANDUNG

MANFAAT KURSUS BAGI PESERTA

- Mengerti dan memahami dasar dari ilmu kedokteran intensive care.
- Mengerti dan memahami ketrampilan dasar dari ilmu kedokteran intensive care.
- Mampu mengelola pasien di ICU dibawah supervisi intensivis.

MATERI KURSUS

- Recognition and Assessment of the Seriously Ill Patient
- Airway Management
- Cardipulmonary / Cerebral Resuscitation
- Monitoring Blood Flow, Oxygenation and Acid Base Status
- Diagnosis and Management of Shock
- Diagnosis and Management of Acute Respiratory Failure
- Mechanical Ventilation
- Acute Coronary Syndromes
- Management of Life-Threatening Electrolyte and Metabolic Disturbances
- Life-Threatening Infections: Diagnosis and Antimicrobial Therapy Selection
- Special Considerations
- Critical Care in Pregnancy
- Neurological Support
- Critical Care in Infants and Children The Basics
- Basic Trauma and Burn Management
- Ethics in Critical Care Medicine

Skill Stations

- Airway Management
- Vascular Access
- Acute Coronary Syndromes (ACS)
- Non-Invasive Positive Pressure Ventilation (NPPV)
- Trauma
- Shock
- Mechanical Ventilation

PESERTA

- Tenaga kesehatan yang bekerja di Emergency Department.
- Tenaga kesehatan yang bekerja di ICU.
- Dokter Spesialis.
- Dokter Umum.
- Fellow Critical Care.
- Resident.

CERTIFICATION

- Society of Critical Care Medicine (SCCM) yang berlaku secara Internasional selama 4 (empat) tahun.
- Sertifikat PERDICI berakreditasi IDI.

SCIENTIFIC PROGRAM

2012 ISICM EARLY YEAR SYMPOSIUM
FRIDAY – SATURDAY, 13 – 14 APRIL 2012
THE BALLROOM, LOBBY LEVEL
HYATT REGENCY BANDUNG HOTEL

TIME	DAY 1, FRIDAY – 13 APRIL 2012	
	The Ballroom	
08.00 – 08.30	Opening Ceremony	
	IQBAL MUSTAFA MEMORIAL LECTURE	
08.30 – 09.00	1. The Role of Intensivist in the ICU: Development of Intensive Care Services in Indonesia	
09.00 – 09.30	2. The Evidence: Is 24-hour Intensivist Coverage Beneficial?	
09.30 – 10.00	3. Socialization of ICU Regulation of Indonesian Health Ministry	
10.00 – 10.30	Coffee/Tea Break	
	Ballroom I DELIRIUM IN ICU	Ballroom II TRANSFUSION IN CRITICALLY ILL PATIENTS
10.30 – 11.10 (10.30 – 10.50)	1. Delirium in Critically ill Patients & How To Manage It	1. Is Blood Transfusion needed in ICU?
11.10 – 11.50 (10.50 – 11.10)	2. Dexmedetomidine A Better Option than Haloperidol?	2. Epidemiology, Pathogenesis, Diagnosis and Management of TRALI
(11.10 – 11.30)		3. Triad of Death in ICU: Epidemiology, Pathogenesis and Management
11.30 – 11.45	Discussion	Discussion
11.45 – 13.00	Friday Pray & Lunch	
	Ballroom I STROKE PREVENTION & MANAGEMENT	Ballroom II NIV
13.00 – 13.20	1. Blood Pressure Regulation for Stroke Syndromes?	1. When and How To Use?
13.20 – 13.40	2. Current Approach to Ischemic Stroke	2. The Role of NIV in Weaning
13.40 – 14.00	3. Interventional Options for Acute Ischemic Stroke	3. Mode and Interfacing
14.00 – 14.15	Discussion	Discussion
	BLOOD PRESSURE ELEVATION IN CRITICALLY ILL PATIENTS	NEW BIOMARKERS IN CRITICALLY ILL PATIENTS
14.15 – 14.35	1. Severe Blood Pressure Elevations in ICU	1. For Infection
14.35 – 14.55	2. Treatment of Hypertensive Crisis in Pregnancy	2. For Acute Kidney Injury
14.55 – 15.15	4. The Role of Beta-Blockade in ICU	3. For Heart Failure
15.15 – 15.30	Discussion	Discussion
15.30 – 16.00	Coffee/Tea Break	
16.00 – 17.00	PRO AND CON HYPOALBUMINEMIA	PRO AND CON ROUTINE STRESS ULCER PROPHYLAXIS
	Correction or Not Correction	Yes or No

SCIENTIFIC PROGRAM

2012 ISICM EARLY YEAR SYMPOSIUM
FRIDAY – SATURDAY, 13 – 14 APRIL 2012
THE BALLROOM, LOBBY LEVEL
HYATT REGENCY BANDUNG HOTEL

TIME	DAY 2, SATURDAY – 14 APRIL 2012	
	The Ballroom	
	IQBAL MUSTAFA MEMORIAL LECTURE	
08.00 – 08.30	4. Evidence Based Nutritional Guidelines in 2011	
08.30 – 09.00	5. Diagnostic and Monitoring Trends in ICU	
09.00 – 09.30	6. Holistic Approach: Balancing of Science and Humanity	
09.30 – 10.00	Coffee/Tea Break	
	Ballroom I SEVERE INFECTION	Ballroom II ARDS
10.00 – 10.20	1. MDRO in Critically ill Patients	1. Ventilatory Management
10.20 – 10.40	2. Fungal Infection	2. Fluid Management
10.40 – 11.00	3. CL. Defficile Associated Disease	3. Pharmacologic Management
11.00 – 11.15	Discussion	Discussion
	NUTRITION IN CRITICALLY ILL PATIENTS	DAMAGE CONTROL RESUSCITATION
11.15 – 11.35	1. Goal Directed Nutrition in Critically ill Patients	1. Haemostatic Resuscitation
11.35 – 11.55	2. What To Do When Enteral Nutrition Fails: The Role of Parenteral Nutrition	2. Dilutional Coagulopathy
11.55 – 12.15	3. The Role of Hypo-caloric, High Protein Feeding	3. Massive Transfusion Protocol?
12.15 – 12.30	Discussion	Discussion
12.30 – 13.15	Lunch	
	Ballroom I ACUTE DECOMPENSATED HEART FAILURE	Ballroom II MODS I
13.15 – 13.35	1. Update Pathophysiology of Heart Failure in Critically ill Patients	1. Pulmonary Dysfunction
13.35 – 13.55	2. Non Invasive Hemodynamic Diagnostic & Monitoring for Patients with Heart Failure	2. Circulatory Dysfunction
13.55 – 14.10	3. Medical Management of Acute Heart	3. Brain Dysfunction
14.10 – 14.25	Discussion	Discussion
	NEURO TRAUMA	MODS II
14.15 – 14.35	1. Traumatic Brain Injury	4. Kidney Dysfunction
14.35 – 14.55	2. The Role of Lactate in TBI	5. Hepatic Dysfunction
14.55 – 15.15	3. Acute Spinal Cord Injury: What's New?	6. Hemostatic Dysfunction
15.15 – 15.30	Discussion	Discussion
15.30 – 16.00	Coffee/Tea Break	
16.00 – 17.00	PRO AND CON LIFE SUPPORT IN UNCONCIOUS CRITICALLY ILL PATIENTS	
	Withhold or Withdrawal	
17.00 – 17.15	Closing Remark	

INVITED SPEAKERS/MODERATORS

Johannes G. van der Hoeven
